Re: Paving Project – The Preserves at Cedar Canyons

Dear Kirk:

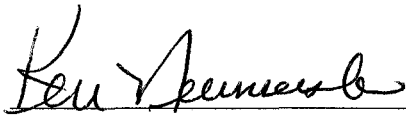

Just wanted to send a short note to say THANK YOU to you and your employees for the wonderful job you performed in paving our street in the above captioned project!

Your employees were very considerate of all the neighbors needs during construction and the quality of work was spectacular!

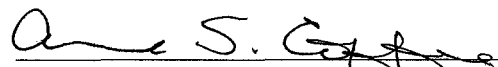

The professionalism, knowledge and personal care that your company exemplifies will carry you well into the future and we wish you continued success throughout these very trying times.

We want to wish you and all of your employees a wonderful Christmas and New Year!

Thanks Again,

Ken Neumeister – President
