P.O. Box 191
LaOtto, IN 46763

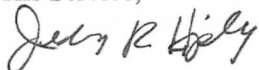

Dear Mr. Braun,

For some time I have been wanting to write a letter of thanks for the great job that your company did on State Road 8. When I first learned of the road project a few years ago, I knew that it would present certain challenges to our church. But at the same time it also gave me a vision for what could be done. Some of the things that I envisioned would no doubt require the help of the Lord. Your company was used tremendously to fulfill a great part of this vision.

Before I surrendered to the ministry I was involved in construction work. And I was impressed by the professionalism of your men and the contractors that were used for this project. I know that API went well above the work that it was contracted for. You and Brent showed us favor that was not necessary. While I am very grateful for this favor, I was equally touched by the respect that your company had toward our church property. That kind of character is hard to find today.

It is my prayer that God would always bless the future endeavors of API. Our church will always be indebted to the work that you were responsible for. The grace of God is about God offering us a gift that none of us deserved and how there is nothing that we could give in return for His Son's sacrifice on the cross. But I hope that you will accept a couple of small gifts (one for you and Brent) as a way of expressing our thanks. It could never equate what your company has done, but it is a small token of our appreciation. Thank you again Mr. Braun for everything and may God richly bless you, your family, and API.

In His Service,

Pastor Jeffrey R. Hipley
